

The Zeppelin Collection Recipe Guide

www.greaterthangatsby.com

About the Zeppelin Collection

The Zeppelin Collection serves as the Lightroom sister set to the Tiny Dancer Photoshop Actions, designed to evoke a sense of freedom and creativity. It focuses on compelling visual photography with a soft, organic, and matte aesthetic. Earthy tones and vintage influences create a serene photographic elegance.

- Includes 117 Presets
- Includes 26 Brush Presets
- Compatible with Lightroom CC, Lightroom CC Classic & ACR
- Presets are Easily Modified & Stackable

NOTE: Lightroom CC is Adobe's mobile interface. Because of this, brushes can only be loaded into Lightroom CC Classic

LENS CORRECTION

Lens Correction - On - corrects optical distortions by removing lens vignetting

Lens Correction - Off - removes previously applied lens correction adding a nature vignette

PERFECT EXPOSURE

Use to achieve proper exposure in preparation for further edits.

WHITE BALANCE FIX

Auto White Balance – automatically adjusts the color temperature and tint of your photos to achieve a more natural and balanced look

Warmth Boost ++ shifts the color balance towards warmer tones, enhancing reds & yellows

Warmth Boost + lightly shifts the color balance towards warmer tones, enhancing reds & yellows

Chilly Boost + lightly shifts the color balance towards cooler tones, emphasizing blues & greens

Chilly Boost ++ shifts the color balance towards cooler tones, emphasizing blues & greens

Zeppelin Collection Presets

A.I. ADAPTIVE BRUSHWORK SECTION

A.I. ADAPTIVE BRUSHWORK

CLEAN - USE WHEN WHITE BALANCE IS CORRECT, COLORS APPEAR NATURAL & TRUE TO LIFE

COOL - USE WHEN WHITE BALANCE OF SUBJECT APPEARS TOO WARM

WARM - USE WHEN WHITE BALANCE OF SUBJECT APPEARS COOL

GREEN - USE TO COUNTERBALANCE TOO MUCH MAGENTA ON THE SUBJECT

MAGENTA - USE TO COUNTERBALANCE TOO MUCH GREEN ON THE SUBJECT

LUMINATE SUBJECT -
HARNESSES AI TO
GENTLY ENHANCE &
BRIGHTEN YOUR SUBJECT

ILLUMINATE SUBJECT -
HARNESSES AI TO
ENHANCE & BRIGHTEN
YOUR SUBJECT WITH A
HIGHER WHITEPOINT

Zeppelin Collection Presets

A.I. ADAPTIVE BRUSHWORK SECTION CONT.

A.I. ADAPTIVE BRUSHWORK

CLEAN - USE WHEN WHITE BALANCE IS CORRECT, COLORS APPEAR NATURAL & TRUE TO LIFE

COOL - USE WHEN WHITE BALANCE OF SUBJECT APPEARS TOO WARM

WARM - USE WHEN WHITE BALANCE OF SUBJECT APPEARS COOL

GREEN - USE TO COUNTERBALANCE TOO MUCH MAGENTA ON THE SUBJECT

MAGENTA - USE TO COUNTERBALANCE TOO MUCH GREEN ON THE SUBJECT

BRILLIANT BACKGROUND

- HARNESSES AI TO DYNAMICALLY ENHANCE YOUR BACKGROUND

DARKENED BACKGROUND

- HARNESSES AI TO ADD DEPTH TO THE BACKGROUND FOR HIGHER SUBJECT SEPARATION

Zeppelin Collection Presets

A.I. ADAPTIVE BRUSHWORK SECTION CONT.

Recover The Sky - brings details back into the sky for added drama

Soften The Sky - softens details in the sky for a more finished effect

Recover + Soften The Sky - bring details back into the sky & then blends for a smoother finish

Reduce Blues - Background + Sky - removes excessive blue hues in the sky + background for more nature neutral finish

A.I. ADAPTIVE RETOUCH

Soften Skin - selects & softens all visible skin of people in an image

Whiten Eye Whites - selects the sclera's of the people in an image & then brightens & reduces saturation

Iris Catchlights - selects the catchlights of the people in an image & then brightens for added sparkle

Lip Soften + Color - selects the lips of the people in an image & then accentuates with a natural rosy hue & a touch of softness

Whiten Teeth - selects the teeth of the people in an image & then brightens & whitens

Hair Contrast - selects the hair of the people in an image & then adds depth & dimension

Clothes Diminish - selects the clothes of the people in an image & then reduces the vibrancy & saturation for a more muted look

Clothes Enhance - selects the clothes of the people in an image & then increases the vibrancy & saturation for a more dynamic look

Zeppelin Collection Presets

MUTED COLOR GRADING

There's A Lady – warms, brightens skin tones & adds depth & dimension

Who's Sure – brightens, separates subject from background & desaturates greens

All That Glitters – lifts highlights, desaturates greens, adds contrast & shifts skin tones to a muted bronze tone

Is Gold – brightens, warms, desaturates & deepens greens & brings subject to the center of focus

And She's Buying – adds depth & dimension & finishes with a muted bronzed tone

A Stairway – creates bold cool greens, warm skin tones & cool skies

To Heaven – desaturates & lowers highlights & finishes with a muted bronze wash

In a Tree – warms while maintaining cool desaturated greens & adds contrast & clarity

By The Brook – adds depth, deepens greens & adds cyan to skin

There's A Songbird – deepens the background, pops the subject & finishes with a vintage tone

Who Sings – cools & deepens greens & desaturates blues while maintainig warm skin tones

Sometimes – lifts shadows & creates bright, creamy skin tones

All Of Our Thoughts – desaturates & deepens greens, desaturates blues & pops highlights in the skin

Are Misgiven – desaturates greens & bumps skin for a clean natural finish

Zeppelin Collection Presets

MINIMALISTIC COLOR

Kashmir – desaturates neon yellow & adds a dark blue wash while preserving natural skin tones

Whole Lotta Love – warms & adds a subtle luminosity to the skin

Over The Hills – lowers highlights, adds a matte & vintage tone

And Far Away – adds contrast & an earthy brown wash

Dazed And Confused – flattens tone curve while maintaining highlights in skin & warms & desaturates greens

Tangerine – infuses the image with a cozy vintage cyan hue

The Ocean – slightly desaturates & shift highlights to a bright, cool tone

Immigrant Song – adds a warm, clean, velvety matte

Fool In The Rain – slightly desaturates & adds soft, warm earthy hues

Heartbreaker – adds a bronze hue to the skin and enhances green tones without veering towards a neon appearance

Dancing Days – slightly reduces the vibrancy of red hues while elevating & softening the tones of greens

Rock And Roll – brightens & adds a clean, warm finish with a touch of vibrancy

Ramble On – warms & desaturates greens, reduces excessive blue hues, warms & adds a touch of vibrancy

Misty Mountain Hop – adds a warm, vintage tone & desaturates greens

All My Love – desaturates & cools skin while maintaining blues & greens

Note: The “MINIMALISTIC COLOR SECTION” can be layered on top of the “MUTED COLOR SECTION” to create more dynamic color grading. It can be used alone to create a more natural & clean edit!

Zeppelin Collection Presets

MATTE BLACK & WHITES

Black Dog - a deep, matte, classic black & white conversion that harmonizes seamlessly with the aesthetic of the Zeppelin Collection

White Summer - a neutral, hazy matte, black & white conversion that harmonizes seamlessly with the aesthetic of the Zeppelin Collection

Zeppelin Collection Presets

DYNAMIC BLUR GALLERY

Depth Of Field - Circle – adds a modern circular lens blur effect to the background of the image

Depth Of Field - Bubble – adds a standard circular shape blur effect to the background of the image

Depth Of Field - Pentagon – adds a five-blade vintage blur effect to the background of the image

Depth Of Field - Ring – adds a doughnut blur effect to the background of the image

Depth Of Field - Cat Eye – adds increased depth of field of the corners of the bokeh

Light Leak - Top Left – gives an unintended effect of light that seeps into the top left of the camera

Light Leak - Top Right – gives an unintended effect of light that seeps into the top right of the camera

Light Leak - Bottom Left – gives an unintended effect of light that seeps into the bottom left of the camera

Light Leak - Bottom Right – gives an unintended effect of light that seeps into the bottom right of the camera

Zeppelin Collection Presets

DIRECTIONAL LIGHT

Ethereal - Left – adds a hazy radial gradient to the top left of the photo

Ethereal - Center – adds a hazy radial gradient to the top center of the photo

Ethereal - Right – adds a hazy radial gradient to the top right of the photo

Lustrous - Left – adds a hazy, warm radial gradient to top left of the photo

Lustrous - Center – adds a hazy, warm radial gradient to top center of the photo

Lustrous - Right – adds a hazy, warm radial gradient to top right of the photo

FINISHING ADJUSTMENTS

Vibrant Pop – bumps vibrancy for added energy & color

Muted Drop – reduces vibrancy & saturation for a more muted aesthetic

Minor Fall – adjusts the tone curve to the left for added drama

Major Lift – adjusts the tone curve to the right for added brightness

Highlights Pop – pops the highlights in an image to create a more visual impact

Shadows Pop – deepens shadows for added dimension

Combo Pop – pops highlights & deepens shadows for increased dynamic range

Clarity Boost – enhances sharpness & detail, making the subject more engaging

Moody Backlight – smooths & deepens the background for added drama

Zeppelin Collection Presets

BONUS ENHANCEMENTS

Crisp Details - Light – lightly sharpens & bring attention to details
Crisp Details - Medium – moderately sharpens & bring attention to details
Crisp Details - Heavy – drastically sharpens & bring attention to details
Crisp Details - Off – turns off a previously applied “Crisp Details” preset
Reduce Noise - Light – lightly smooths out graininess & unwanted texture
Reduce Noise - Medium – smooths out graininess & unwanted texture
Reduce Noise - Heavy – drastically smooths out graininess & unwanted texture
Reduce Noise - Off – turns off a previously applied “Reduce Noise” preset
Film Grain - Light – lightly simulates the look of traditional film, introducing a textured, grainy appearance
Film Grain - Medium – simulates the look of traditional film, introducing a moderate textured, grainy appearance
Film Grain - Heavy – simulates the look of traditional film, introducing a heavy textured, grainy appearance
Film Grain - Off – turns off a previously applied “Film Grain” preset

Zeppelin Collection Brushes

ZEPPELIN BRUSHES

Muted Reds - allows you to tone down oversaturated reds

Muted Blues - allows you to tone down oversaturated blues or to remove blues from white

Whiten Whites - brush on to purify whites

Brighten Shadows - allows you to recover details in shadowed areas

Darken Highlights - helps with highlight recovery by bringing detail back into highlights

Dodge Brush - brightens highlights

Burn Brush - deepens shadows

Amplify Contrast - adds contrast to desired areas of an image

Diminish Contrast - decreases contrast to desired areas of an image

Amplify Color - adds vibrance on selected areas

Diminish Color - decreases saturation on selected areas

Warm Bright Greens - adds warmth & brightness to greens

Cool Bright Greens - adds coolness & brightness to greens

Warm Muted Greens - warms & desaturates greens

Cool Muted Greens - cools & desaturates greens

Soft Warm Greens - use to create warm, earthy undertones to greens

Soft Cool Greens - use to create cool, earthy undertones to greens

Dark Warm Greens - deepens & warms greens

Dark Cool Greens - deepens & cools greens

Gentle Blur - adds a blurring effect to desired areas

Gentle Haze - use on areas where fog naturally occurs or if you want to create a diffusion effect

Shiny Light - lowers contrast & bumps shadows & the white point for a beautiful punched light effect

Moody Light - bumps highlights, lowers saturation & shadows for a moodier light effect

Warm Matte - use to add a warm, hazy matte to desired areas

Deep Matte - use to add a dark, smokey appearance with slight warmth to desired areas

Sharpen Details - sharpens desired areas of an images to bring focus & attention to the subject
